

A decorative graphic of water splashing and bubbling, forming a circular frame around the text. The water is light blue and white, with various sized bubbles and droplets scattered throughout.

Village of Minong Water Utility Customers

This is a courtesy reminder that while we bill quarterly, the Water Utility has always accepted monthly payments based on your average quarterly utility billing amount.

Please call the Village Office, and we can give you the average amount you need to pay if you are interested in monthly payments.

If you are behind on your bill, please give us a call so that you can make arrangements to catch up on your bill and go on a monthly payment plan.

Thank you!
